FIRST DOWNFALL OF THE MEETING FALLS AFTER THE THIRD RACE.

Ultimatum an Easy First in the Adirondack Handicap-Jefferson Livingston and George J. Long

Win Their First Races of the Meeting.

[By J. L. Dempsey.]

[By J. L. Dempsey.] Saratoga Springs, N. Y., August 23.—A terrific downpour just after the third race, sent the lawn operators scurrying for shelter, converted the track into a sloppy condition and riddled the latter part of the card through withdrawals. The Adirondack Handlcap, at three-quarters was the outstanding feature and only five two-year-olds after, George J. Long had added Hemlock, contested for \$2,675 that went to the winner. The race was run in a downpour so heavy that it obscured the running until the horses were well into the homestretch. Ultimatum, which appeared to have gotten away with an advantage at the start, raced well in the muddy going and won hard held, by as much as his rider pleased, from Woodtrap, which had been the runner-up all the way. Tragedy came fast near the end and took third money. Today's was the fourteents

Today's was the fourteenth running of the Adi-rondack, the condensed history of which is given

The mile namina Jeriterson Livingston's colors were seen in front for the first time during the meeting when Julia L. just lasted long enough to beat Bayberry Candle after having led the entire race. The steeplechase, which had only three starters, went to Bill Dudley, which was the only one to escape mishap during the race. The incidents of the race began when Racecon, while on his way to the post, unseated his rider and circled the finite end of the race began when Racecon, while on his way to the post, unseated his rider and circled the field several times, finally hurdling the fence an running around the stable yards. He was brought well until he fell exhausted over the thirteenth hedge. Early Light had gone down earlier and Bill Dudley only had to canter over the last two jumps. Racecon, after lying for a considerable time where he fell, was remounted and finished second. George J. Long won his first purse of the neeting, dash after a hard drive to dispose of Lorae in the early running and Ima Frank at the end.
 That J. S. Ward missed selling Dodge hast Sunday to A. K. Maccomber for \$25,000 came to light this morning. SORE TRIALS OF THE ENGLISH TURF. Foreboding That England Is to Lose Its Supremacy in Thoroughbred Breeding.

I am afraid that by the end of the war our stock will have become seriously depleted. One cannot, of course, blame overpers and breeders for taking advantage of the American demand for British thoroughberds, but it is not as if bujers in the united States were content with securing anything on four legs as long as its pedigree looked well. American owners and breeders are experts in the bast, or a near to the best as they can buy, is what they require and in many cases obtain. To a certain extent the war and the consequent necessity for curtailment of expenses is responsible, but the chief cause of the exolus is undoubtedly the short-sighted policy of the government in rotions when the prospect of making both ends meet, cither on the race course or by the annual sales of perings, is rendered hopeles by the presen-tion when the prospect of making both ends meet, cither on the race course or by the annual sales of perings, is rendered hopeles by the presen-tion when seeningly, are unable to renize the enormous value to the nation of our breed of thor-oughbreds, the result will be to fifter incu-culate damage on one of the most important in-dustries in the country. case it will take the industry years to recover if our breeders are driven by the absence of saffi-cient racing here to seil their thoroughbreds in such large numbers to go abroad. I recently made reference to the sale to the United States by Mr. J. B. Joel of many of his highly-bred yearlings, and in this connection I believe that buyers in the United States would have been only too glad had he been in a position to dispose of double the number. In America, of course, it has been dis-covered that the repressive legislation directed against betting and racing some seven years ago was simply insanity. It crippled horse breeding in a brief space of time, and so badly that the military authorities soon took alarm. In the re-sult horse racing has been taken into favor again during the last two or three years, and every ef-fort is being made to make the United States the world's horse mart after the war by replacing the faddist regime, and adding to their numbers. Doubtless many of the best of Mr. Hulton's yearlings when they come up for sale will cross the Atlantic in the wake of those of Mr. Joel, if there is no improvement in the meantime in the outlook for racing here."

ENGLAND'S RACE COURSES ARE NOT MODERN. BORROW COMES HOME FIRST

PROVES AN EASY VICTOR IN THE GEORGE HENDRIE MEMORIAL HANDICAP.

Rancher and Jane Straith Fight Out a Close Finish Once More and Rancher Pulls Up Lame

-Melia Is Claimed.

Detroit, Mich., August 23.—Harry Payne Whit-ney's Borrow showed his quality in the George Hendrie Memorial Handicap at Windsor this after-nooa, when he picked up top weight and beat his opponents in easy fashion. Borrow was ridden by T. Rice, overcame interference on the first turn and won easily from the imported mare Arriet. The race had an added value of \$2,000, besides a handsome silver trophy. Trainer Albert Simons ac-cepted the replica of the cup on behalf of Mr. Whitney and will take it to Belmont Park. The Verdun Purse brought out a smart field, including Rancher and Jane Straith. This pair duplicated the duel they have had on several oc-casions this summer. Rancher, as usual, permitted the filly to set the pace and, coming from behind in the stretch, won drawing clear. Mr. Hendria's racer came out of the contest in bad order. He pulled up decidedly hame and it was the opinion of some of the horsemen that he had spring a ringbone.

CURRENT NOTES OF THE TURF.

John A. Drake is among those who are enjoying the racing at Saratoga.

Bill Dudley, one of the Northwood Stable's jumpers, has been bleeding slightly in recent races, but trainer J. K. Frayling is of the opinion that it is not a chronic or serious condition.

A yearling half-brother to Silver Tag and Fifi-nella will be among the yearlings of Mr. Hulton that will come under the hammer at Newmarket in September. The youngster in question is by Lona-wand out of Silver Fowl.

Members of the Canadian branch of the Thorough-bred Horse Association racing on the half-mile circuits have come out strongly against a proposal to establish night racing on a track at Montreal and threaten to outlaw any owner who may lend assistance to the plan.

assistance to the plan. Edward B. McLean has been looking over some of the best three-year-olds at Saratoga with the intent to make some purchases. Monday morning John E. Madden worked his good colt Hendrie, which took the measure of Crimper, over the Oklahoma track. He was sent along for a mile and an eighth in 1:58, which was a remarkably good move over this training ground, which is sandy and deep. The fractional times were: 12%, 25, 37, 50%, 1:03%, 1:17%, 1:44%. Besides Mr. McLean, Wil-liam Garth and Ral Parr were on hand to see the work. liam Gard the work.

the work. The book for the inaugural meeting at Kenilworth Park, Windsor, September 2 to September 9, has been issued by racing secretary W. R. Norvell. It provides for the regulation seven races daily. On all but one day of the meeting there will be one \$800 purse and one \$700 purse, with the other purses \$600. With such liberal purse offerings the new course will undoubtedly be well patronized by important stables. The mutuels are to be installed for speculative purposes.

NOMINATIONS TO THE HAREOR HILL CUP.

The Harbor Hill Cup, a steeplechase for three-year-olds, which will be run at the autumn meeting of the Piping Rock Racing Association in October, has closed with twenty-eight entries, a record in the way of nominations for this event, both for the several years it has been run at Piping Rock and during the period it was decided at Belmont Park. The event is a contribution from Clarence H. Mackay, who generously donates the added money, 83.000, in addition to which he gives the cup, which has a value of \$500. Heretofore the cup had to be won twice by the same owner, but this year the winner of the race will receive the plate outright, the change being made at the suggestion of Mr. Mackay, whose interest in steeplechasing and the amateur meetings generally, is unusually keen. The list of nominators this year includes not alone the names of all the prominent cross-country stables, but several newcomers, who, appreciating the rapid growth of steeplechasing and the rich inducements now offered at the hunt meetings, have decided to support what they well realize is one of the main props of racing. The full list of nominations is as follows: Charles K. Rockwell's Videt's Brother. J. E. Davis' The Decision Brooks and Bron Chant

GENERAL NEWS NOTES OF THE DAY

GENERAL NEWS NU

and in the new Russian offensive which is develop-ing in Bukowina. A dispatch of yesterday from Rome says: The Italians are making a strong and successful thrust at the Anstrian lines in the Alpin region on the extreme northern front, according to the war office amouncement today. Italian troops have carried strong Austrian positions in the Tofana area in the Dolomites and in the Travenanzes valley. The announcement says: In the Astico valley on the night of August 22 the enemy shelled our positions at the bottom of the valley with great intensity, but did not develop any infantry attack. On the same night an attempt of the enemy to advance between Casera Zingarella and Casera Zebio Pas-torile, on the Asiago plateau, was checked by our fire. In the Tofana area yesterday, after effective artillery preparation, detachments of our Alpine troops and infantry carried strong enemy lossitions on the western slopes of Totana and in the Tra-venanzes valley. The enemy suffered heavy loss and left about forty prisoners in our hands. In the Gorizia area artillery tighting is in progress. An enemy detachment which attempted to ap-proach Vertoibizza stream yesterday afternoon was repulsed by our fire and left numerous dead on the ground.

repulsed by our fire and left numerous dead on the ground. The way was paved for the widening of Twelfth street from South Asiland boulevard to Michigan boulevard yesterday when announcement was made that the building at 1204 Blue Island avenue would be demolished. This will be the first building razed of those which must be demolished for the new thoroughfare. The project, according to Charles H. Wacker, president of the Chicago plan commission, will cost about \$4,000,000, of which the city will pay \$1,750,000. The house at 1204 Blue Island avenue is owned by Mrs, Minnie Connelley, 3002 Grand boulevard. It is three stories hin. Michael J. Faherty, president of the board of local im-provements, completed the negotiations with Mrs. Connelley early in the day and gave instructions to put the workmen on the job. Mr. Faherty also gave a check for \$17,020 to Thomas J. Fitzgibbons, 4523 Prairie avenue, in full payment for property at West Twelfth and Laffin streets, which was ac-quired by the city for the widening of the street. "Arrangements are almost complete for the work of tearing down fourteen other buildings in West Twelfth street." Mr. Faherty said. "This work tis expected to be begun in a few days."

Twelfth street," Mr. Faherty said, "This work is expected to be begun in a few days." The way was clear yesterday for an early meet-ing of the joint American-Mexican commission to settle international difficulties. Secretary Lansing announced the selection of the American commis-sioners. They are Franklin K. Lame, Secretary of the Interior; George Gray of Wilmington, Dei, a retired Federal Circuit Judge and former United States senator, and Dr. John R. Mott of New York City, general secretary of the international com-mittee of the Young Men's Christian Association. The Mexican commissioners have already been echosen. A New Jersey coast resort may be se-lected as the meeting place of the joint commis-sion. Judge Gray, a retired Federal Circuit Judge and a former United States senator, has had much experience on international bodies and since 1900 has been a member of the international permanent court of arbitration under The Hague convention. Dr. Mott is general secretary of the international committee of the Young Men's Christian Association and autor of numerous religious works. He was offered the post of minister to China by President Wilson, but declined it. A London dispatch of yesterday says: "A new

offered the post of minister to China by President Wilson, but declined it. A London dispatch of yesterday says: "A new gain of great tactical importance has been won by the British on the Pozieres. Thiepval front in their 'yard-by-yard offensive.' Not only were German positions on a half-mile front near Pozieres carried, but the English troops have pushed their way to a point within less than a mile of Thiepval, taking further sections of the powerful Leipsig salient. In a local action during the day a further advance to-ward Martinpuich was registered, the British front in the Pozieres sector to a point just outside the fortified Moquet farm, and for some distance along the right of way of the Miramount high road. Thiepval is gradually being encircled. The war office at Berlin admits the loss of positions on the Thiepval saliant, but declares that at other points the British were repulsed. The claim is also put forward that trench positions south of the Somme, lost in an attack by the French, were regained by a counter attack." A dispatch from "Field Headquarters" in Mexico counter attack." A dispatch from "Field Hendquarters" in Mexico of yesterday says: Only six deaths from disease and a present sick rate of 1.5 per cent for the American punitive expedition since it entered Mex-ico more than five months ago, was the record con-tained in official figures given out here today by the sanitary department. Adding the number of sick being treated at the base hospital to those in the field, the rate is increased to 2.5 per cent. There has not been a single case of typhoid, the prevailing aliment being dysentery. This is a re-

markable record for an expedition serving in this sort of a country with nothing but field equipment, declared Gen. J. J. Pershing, commander of the punitive expedition, when shown the department figures. It probably is as low a record as any similar expedition ever has set and shows the wonderful strides made along sanitary lines within the last few years and the high efficiency of the sanitary department. It also shows the high appre-ciation of sanitary regulation by line officers who have been held to a strict account for violations by these commands.

have been held to a strict account for violations by these commands. Reports that the railroad officials had decided to "yield to the president" are not borne out by dis-patches from Washington. While the railroads have not yet yielded, they are expected to submit a coun-terproposal this week. The meeting at the white house last night, it is learned, had for its purpose mere submission of figures by railroad presidents showing in detail exactly how the president's stand as to the eight-hour day will affect wages, trains, etc. The committee made no proposal, merely an-swered questions. The committee of eight presi-dents is not yet authorized to frame proposals. It is a committee to watch all angles of the situation and separate the important issues raised from the unimportant. The railroad presidents are watching public opinion carefully, and are surpised to find the south solidly with the president, the west against him and the east wobbly. It is expected they will submit a counterproposal with strong emphasis on the preservation of arbitration princi-ple in the future.

ple in the future. Spring duck killing in the states of Illinois, Iowa, Missouri, Nebraska and Kansas hereafter will be prohibited, it was announced yesterday by the federal advisory committee to the department of agriciture which for some time has been holding hearings in New York City. Sportsmen all over the country, it was said, have been up in arms because a concession was recommended which gave the sportsmen of these states a special fail shoot-ing season and an additional spring shooting season lasting from February 10 to March 10. Every other state and was given, under recommendations, a single open season, with spring shooting barred. Debate on the emergency revenue bill designed to

single open season, with spring shooting barred. Debate on the emergency revenue bill designed to raise \$205,000,000 was continued in the Senate yesterday. A resolution by Senator Penrose to send the bill back to the finance committee for amend-ment to raise an equitable portion of required revenue from a protective tariff still was pend-ing. An explanation of the necessity for the pro-posed legislation by Senator Simmons, chairman of the finance committee, and an attack on the measure by Senator Smoot, republican, occupied yesterday's session of the Senate. yesterday's session of the Senate. The crop prospects in the occupied portions of Poland are good, which means the turning point for the Polish population, the Berlin Overseas News agency says. When the German troops entered Poland they found only smoldering ruins, as the Russians had destroyed towns and villages. For a time the Germans supplied grain from upper Si-lesia, Posen and other districts and also from the stores captured in the fortress of Novogeorgievsk. The Germans also attempted to import food by way of Sweden, but this was prevented by the Russian government. It is expected, the news agency says, that the crops will permit of a considerable im-provement in the grovisioning of the Polish popula-tion.

tion. Says a dispatch of yesterday from Rotterdam: "According to information here, the American steamer Owego, regarding a reported submarine at-tack on which the American government has in-quired of Germany, arrived here August 13 and re-ported encountering of the 1ste of Wight a German submarine, which fired ten or twelve shots at it without warning, it is declared, some shells strik-ing close to it, but inflicting no damage. Capt. Barlow, of the Owego, according to the account given was at first unable to discern the submarine here are of a prevailing haze, but upon the undersea craft approaching, he sent a boat with the mate and the ship's papers, after examination of which documents the Germans allowed the Owego to pro-ceed."

ceed." Major Baird, representative of the aerial board in the house of commons, replying in the house Tuesday night to criticism of the air defenses against recent Zeppelin raids, announced that since the war began the allies have accounted for thirty-five Zeppelins. "There have been thirty-four raids on England," said Major Baird, "in ten of which there were no casualties; in the remainder the number killed was 334 civilians and fifty military men."

men." Basjl Hallam, formerly widely known on the English stage, has been killed at the front in France. Hallam commanded the kite section of the British flying corps. Hallam appeared in New York in support of Miss Billie Burke in "Mrs. Dot." He also played the leading role in Cosmo Hamilton's "The Blindness of Virtue." Last spring he was reported in the English press to be engaged to Miss Elsie Janis, but this was denied by the actress. actress

actress. German troops made a powerful attack Tuesday night on trenches south of the Somme south of Estrees and west of Soyccourt, which were cap-tured by the French in Tuesday's fighting, and suc-ceeded in penetrating the French line at several points, it was officially admitted yesterday at Paris. The attack was preceded by an intense bombardment lasting several hours, in which the whole French front south of the Somme was under steady fire.

steady fire. The German admiralty issued yesterday a state-ment asserting that the losses of the British and French navies in line-of-battle ships and cruisers to August 1 comprised seventy-two vessels, with a total displacement of 496,050 tons. The German losses in the same classes during the same period were twenty-five warships with a displacement of 62,667 tons. Liberation of 120 political exiles sent to Siberia by administrative order has been ordered by Alex-ander A. Khvostoff, Russian minister of the in-terior, aecording to advices received in London. This action was due to the work of the English whose secretary, Mrs. Sonia Howe, visited Petro-grad recently and appealed personally to the Rus-sian cabinet. sian cabinet.
